Two screenshots of the WordPress dashboard. The top screenshot shows the main dashboard with a "Welcome to WordPress!" banner for version 5.9. It features three main sections: "Author rich content with blocks and patterns", "Customize your entire site with block themes", and "Switch up your site's look & feel with Styles". The bottom screenshot shows a more detailed view of the dashboard, including the "Site Health Status" section (showing "No information yet..."), the "Activity" section (showing "1 Post", "1 Comment", and "WordCamp Europe Porto"), and a "Quick Draft" editor where a draft titled "What's on your mind?" is being edited.
